

Harvest Host

We are happy that you are considering staying at Roughtail Brewing Company. However, our brewery presents certain challenges compared to other Harvest Hosts that you should be aware of. We are a full production brewery with taproom, so during the day trucks are coming and going in the back and during the taproom opening hours customers are parking in the front for the taproom. Due to these constraints, we have developed some rules that will help make sure your stay is as smooth as possible.

General Rules

- Our current taproom hours are as follows: Monday through Thursday 4-10PM, Friday and Saturday Noon to 11PM and Sunday 2-8PM. Please check-in with the bartender when you get here.
- We have trucks coming and going on the weekdays in the back until 4PM so we ask that you not show up until that time.
- If parking in the front please leave by the time we open for business the next day
- If parking in the back please leave by 9AM Monday through Friday as we have shipments coming and going and it will be difficult for them to get around you.

Sunday through Thursday Nights

- If arriving after 8PM please park in the front, at the west end of the parking lot.
- If arriving before 8PM please park in the back. If you need to leave later than 9AM you can move the RV to the front after 8PM

Friday & Saturday Nights

- If arriving after 9 PM you can park at the west end of the parking lot in the front or in the back.
